

ICC Sydney has an Emergency Response Plan in the event of medical, weather, fire and smoke and other exigencies. It is updated regularly and drills are conducted annually. A trained Emergency Response Team will lead the implementation of all procedures. Event organisers are briefed on emergency procedures pre event.

In the event of an emergency, one of two alarms may sound.

## ALARM ONE

**Alert alarm:** "Beep! Beep! Beep!"

The alert alarm is to notify occupants of a possible emergency. This is only a warning alarm – if it sounds, please standby for further instructions.

## ALARM TWO

**Evacuation alarm:** "Whoop! Whoop!"

The evacuation alarm is to notify all occupants to evacuate. When the evacuation alarm sounds, all occupants will be directed by wardens to leave via the nearest exits quickly but calmly and assemble at the nearest and most appropriate evacuation point. Guests are requested to remain at this location until ICC Sydney staff advise that it is safe to return to the facility.
